

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

SB 1556 – HB 1840

March 1, 2016

SUMMARY OF ORIGINAL BILL: Exempts a counselor or therapist providing counseling or therapy services, whether or not licensed, registered, or otherwise regulated by the state, from counseling or serving a client as to goals, outcomes, or behaviors that conflict with a sincerely held religious belief of the counselor or therapist, if the counselor or therapist coordinates a referral of the client to another counselor or therapist who will provide the counseling or therapy. Refusal to provide counseling or therapy services is not a basis for a civil cause of action, criminal prosecution, or any other action by this state or a political subdivision of the state to penalize or withhold benefits or privileges, including tax exemptions or governmental contracts, grants, or licenses.

Defines “counseling or therapy services” as assisting an individual, through the counseling relationship, in a manner intended to facilitate normal human growth and development, using a combination of mental health and human development principles, methods, and techniques, to achieve mental, emotional, physical, social, moral, educational, spiritual, or career development and adjustment throughout the life span.

FISCAL IMPACT OF ORIGINAL BILL:

NOT SIGNIFICANT

SUMMARY OF AMENDMENT (012870): Deletes and rewrites the bill such that the only substantive changes are: (1) exempts a counselor or therapist providing counseling or therapy services to be required to counsel or serve a client as to goals, outcomes, or behaviors that conflict with the sincerely-held principles of the counselor or therapist, if the counselor or therapist coordinates a referral of the client to another counselor or therapist who will provide the counseling or therapy; (2) removes the language “any other action by this state or a political subdivision of the state to penalize or withhold benefits or privileges, including tax exemptions or governmental contracts, grants, or licenses”; (3) redefines “counseling or therapy services” as assisting an individual, who is seeking or engaged in the counseling relationship in a private practice setting, in a manner intended to facilitate normal human growth and development, using a combination of mental health and human development principles, methods, and techniques, to achieve mental, emotional, physical, social, moral, educational, spiritual, or career development and adjustment throughout the life span; (4) establishes that the proposed exemption shall not apply to a counselor or therapist when an individual seeking or undergoing counseling is in imminent danger of harming themselves or others; and (5) establishes that a violation of A.11.b of the 2014 American Counseling Association Code of Ethics, or any similar or successor

SB 1556 – HB 1840

provision, shall not be grounds upon which the Board for Professional Counselors, Marital and Family Therapists and Clinical Pastoral Therapists shall exercise its powers as authorized by Tenn. Code Ann. § 63-22-110(a).

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Unchanged from the original fiscal note.

Assumptions for the bill as amended:

- According to the Department of Mental Health and Substance Abuse Services (DMHSAS), since the proposed legislation only applies to the private practice setting, there would not be any impact to the Department; therefore, any fiscal impact would be not significant.
- Based on information provided by the Department of Health, the proposed legislation will not affect any operations or programs of the Department.
